

Sir ji,

We respectfully submit our strong objection for decrease of tariff which was decided by your honourable commission long back.This is being pro farmer promotion activity with out being calculated his land as capital.Gst today is decreased there is no guarantee that it will be again enhanced at a later date.

The other inputs have increased enormously due to Iran conflict.

Financial institutions are not fully cooperating as per your earlier suggestions.

Please don't open pandora Box

At this stage.we are afraid this may lead to suicidal thoughts who are in the middle of execution.Even one such incident may lead to unrepairable loss.

Please reject the proposal in toto with out any scope for consideration.

A full details of discussion can be done during your court as well.

Thanking you,

Yours truly,

Dr Arrvapalli Veerabhadra rao
