Subject: Objection to the petition (I.A. No. 4 in O.P. No. 24 of 2020) filed by TGSPDCL seeking reduction of the pre-fixed levelised tariff from Rs. 3.13/kWh to Rs. 2.98/kWh under Component-A of the PM-KUSUM Scheme — filed pursuant to the Public Notice dated 23.06.2026.

Particulars of the Objector (Solar Power Generator):

Name of the SPG / Farmer: GONDI RAJANI
Application No.: TG/PM KUSUM-A/24-25/219
PPA No. and Date: 063/25-26, 10-06-2025

Respected Sir / Madam,

I have invested my savings and raised institutional finance to establish a solar plant under Component-A of the PM-KUSUM Scheme on the strength of the tariff of Rs. 3.13/kWh determined in O.P. No. 24 of 2020. The proposed reduction to Rs. 2.98/kWh threatens that investment. I therefore submit the following objection:

Ground 1: GST Reduction Did Not Reduce the Entire Project Cost

The GST reduction applies only to certain specified renewable energy goods. Substantial components of project cost are wholly unaffected by it — land development, civil works, transmission line, bay extension, transformer, interest during construction, insurance, bank processing charges, labour, security, transportation and O&M arrangements. The assumption that the overall project cost has uniformly fallen by Rs. 20-25 lakh per MW is unproven and cannot be accepted without project-specific evidence.

Ground 2: Project-wise Verification Is Mandatory

Each generator procured equipment and materials at different points in time — some before the GST notification and some after it. The actual GST benefit, if any, therefore differs from project to project. Applying a single, uniform tariff cut across all projects without project-wise verification is arbitrary and violates the principle of fairness.

I humbly pray that this Hon'ble Commission may be pleased to dismiss the petition, preserve the contractually agreed tariff of Rs. 3.13/kWh, and pass any further orders necessary to protect the interests of farmers under PM-KUSUM Component-A.

Yours faithfully,

G. Rajani
