

Dear Sir/Madam,

I am writing to express my serious concern regarding the recent announcement reducing the solar power purchase tariff from **₹3.132 per unit to ₹2.98 per unit**.

My **PPA/Application Number is 279/2025**, and based on the tariff of **₹3.132 per unit** announced by the Government, I proceeded with my solar project. At present, nearly **50% of the project work has already been completed**. I have also obtained a **bank loan** to finance the project, relying on the Government’s announced tariff and the financial viability it provided.

Reducing the tariff after applicants have already invested substantial amounts, commenced construction, and taken loans places us under severe financial stress. Such a decision changes the financial assumptions on which we committed to this project and undermines the confidence of investors and farmers who trusted the Government’s policy.

I respectfully request the Government to continue the previously announced tariff of **₹3.132 per unit** for applicants who have already applied or signed the Power Purchase Agreement (PPA). This would be fair to those who made financial commitments based on the original terms.

If the Government decides to proceed with the reduced tariff despite the commitments already made, then we request that we be allowed to cancel or terminate the contract without any financial burden on us. In such a case, the Government should arrange for the repayment of the bank loan amount that has already been disbursed based on the original policy and tariff, as the investment was made solely in reliance on the Government’s announced terms.

We strongly believe that maintaining the originally promised tariff for existing applicants will uphold public trust, encourage further investment in renewable energy, and support the Government’s long-term clean energy objectives.

I sincerely request you to consider this matter sympathetically and take appropriate action in the interest of all existing solar project applicants.

Thank you for your time and consideration.

Yours faithfully,

Nalla Raghuma Reddy
