The Commission Secretary,
Telangana State Electricity Regulatory Commission (TGERC),
Vidyut Niyamtran Bhavan, Kalyan Nagar, G.T.S. Colony, Hyderabad - 500 045.
Email: secy-tgerc@telangana.gov.in

Subject: Objection to the petition (I.A. No. 4 in O.P. No. 24 of 2020) filed by TGSPDCL seeking reduction of the pre-fixed levelised tariff from Rs. 3.13/kWh to Rs. 2.98/kWh under Component-A of the PM-KUSUM Scheme - filed pursuant to the Public Notice dated 23.06.2026.

Particulars of the Objector (Solar Power Generator):

Name of the SPG / Farmer: Parjanukoj Sushila

Application No.: TG-PMKUSUM-A/24-25/5118

PPA No. and Date: 100 Date 11/06/25

Capacity (MW): 1

Village / Mandal / District: Ambedkar/wardhampet/waranga

Mobile No.: 7569678415

Respected Sir / Madam,

I have invested my savings and raised institutional finance to establish a solar plant under Component-A of the PM-KUSUM Scheme on the strength of the tariff of Rs. 3.13/kWh determined in O.P. No. 24 of 2020. The proposed reduction to Rs. 2.98/kWh threatens that investment. I therefore submit the following objection:

Ground: GST Reduction Did Not Reduce the Entire Project Cost

The GST reduction applies only to certain specified renewable energy goods. Substantial components of project cost are wholly unaffected by it - land development, civil works, transmission line, bay extension, transformer, interest during construction, insurance, bank processing charges, labour, security, transportation and O&M arrangements. The assumption that the overall project cost has uniformly fallen by Rs. 20-25 lakh per MW is unproven and cannot be accepted without project-specific evidence.

I humbly pray that this Hon'ble Commission may be pleased to dismiss the petition, preserve the contractually agreed tariff of Rs. 3.13/kWh, and pass any further orders necessary to protect the interests of farmers under PM-KUSUM Component-A.

Yours faithfully,

Sushila P

Respected Sir / Madam,

I have invested my savings and raised institutional finance to establish a solar plant under Component-A of the PM-KUSUM Scheme on the strength of the tariff of Rs. 3.13/kWh determined in O.P. No. 24 of 2020. The proposed reduction to Rs. 2.98/kWh threatens that investment. I therefore submit the following objection:

Ground 1: Promissory Estoppel

The Government, through the PM-KUSUM Scheme and the determined tariff, induced me to make this investment. Having acted on that representation and committed substantial funds, I am entitled to the protection of the doctrine of promissory estoppel. The Government cannot now withdraw the economic foundation of the project to my prejudice.

Ground 2: Article 14 – Equality

A generator who purchased solar modules before the GST reduction stands on a materially different footing from one who purchased afterwards. A uniform, across-the-board tariff reduction treats unequals equally, ignores these material differences, and is therefore arbitrary and violative of Article 14 of the Constitution of India.

I humbly pray that this Hon'ble Commission may be pleased to dismiss the petition, preserve the contractually agreed tariff of Rs. 3.13/kWh, and pass any further orders necessary to protect the interests of farmers under PM-KUSUM Component-A.

Yours faithfully,
