

Proceedings dated 22.06.2026

O. P. No. 26 of 2025

M/s. Dundigal Waste 2 Energy Pvt. Ltd. And TGSPDCL

The Commission vide R.O.P Dated 27.01.2026 has passed the following order –

“This Commission is of the view that an expert committee is required to be appointed, which will visit the power plant, to examine the equipment and machinery of the plant, to hear the presentation of the generator and TGSPDCL, consider the documentary evidence if any, and to give a report to this Commission as to whether the generator has been generating the electricity by using RDF or by using MSW as the fuel.

This Commission will finalize the names of the experts for the said purpose and upload the same shortly on the website of this Commission and also communicate to both the parties. In the meanwhile, both the parties are directed to make the written submissions before this Commission along with documentary evidence if any, in support of their respective contentions as to the nature of the fuel being used by the petitioner at the generator plant”.

The Commission has constituted the Committee with the following members:

- 1) Dr. Anoop Singh
Department of Industrial & Management Engineering, IIT Kanpur
- 2) Dr. Gaurav Mishra,
Scientist ‘F’, MNRE, Delhi
- 3) Sri. Rajeev Kumar Mittal
Director (TE&TD), CEA.

The main objective of expert committee is to visit the power plant, to examine the equipment and machinery of the plant, to hear the presentation of the generator and TGSPDCL, consider the documentary evidence if any, and to give a report to this Commission as to whether the generator has been generating the electricity by using RDF or by using MSW as the fuel.

The expert Committee will be provided with relevant information from the file.

The Committee shall submit their report within one week from the date of inspection of plant.
