2. What is the cost of power procurement from Hyder/Thermal stations within the state? What is the cost of power purchase from other state owned power stations and NTP. Why is the difference? Are there any plans to make our state self-sufficient?
3. What are the reasons for failure of sri sailam Hydal power generating stations? What is the cost of repairing them? When are they going to be re-commissioned?

10. What are the dues from central and state government offices for consuming power?
11. What and how much power is consumed by various departments and sections of the society who are provided power at subsidized rates and free power? What is the loss/burden? Is the state government compensating the same and to what extent?
