Respected sir,

Sub: Suggestion for the public hearing in the matter of Suo-Moto determination of compliance of Renewable Power Purchase Obligation of Obligated Entities for FY 2018-19 in O.P.No.31 of 2020.

- Ref: 1) Our letter PA/MSAF/226 Dt. 10.06.2020  
2) Our letter PA/MSAF/227 Dt. 15.06.2020

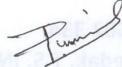

Vide the above cited references, we intimated the chief Engineer, SLDC, TSTRANSCO that for our service MDK-893 for the period FY 2018-19, only non-solar REC's of 11 No's is yet to be fulfilled as we have fulfilled our solar REC obligation. Yet, in the SLDC report published in the TSERC website for FY 2018-19, the number of solar and non-solar REC's to be fulfilled is indicated as 42.865 & 16.595 respectively which is contrary to our representation and the R.P.P.O obligation calculation for the FY 2018-19 as per TSERC prescribed percentage.

We would like to bring to your kind notice that by the end of FY 2018-19 the availability of the REC's in the market was constrained. In spite of bidding the forbearance price for the REC's during the trading sessions, due to unavailability of sufficient certificates, there are very few certificates left to be fulfilled.

We kindly request you to please consider this supply constrain and adjust the pending obligations of the FY 2018-19 with REC's purchased during FY 2020-21.

Thanking you.

Yours faithfully,  
For MS Agarwal Foundries Pvt. Ltd.
