FILING NO._____/21

CASE NO._____/21

In the matter of

Petition for determination of Additional Surcharge to be levied on Open Access consumers for the first half (H1) of Financial Year 2022-23 as per the directions of Hon'ble Commission in its Order dated 18.09.2020 in OP No. 23 of 2020 in accordance with the provisions of the Electricity Act, 2003 and National Tariff Policy, 2016.

In the matter of

NORTHERN POWER DISTRIBUTION COMPANY OF TELANGANA LIMITED

.....Applicant

This application is filed for determination of Additional Surcharge (AS) to be levied on Open Access consumers for the first half (H1) of Financial Year 2022-23 as per the directions of Hon'ble Commission in its Order dated 18.09.2020 in OP No. 23 of 2020 in accordance with the provisions of the Electricity Act, 2003 and National Tariff Policy, 2016.

The applicants respectfully submit as under:

- 1. As per section 42(4) of Electricity Act, 2003 the State Regulatory Commission may specify the additional surcharge to be levied on the open access consumers to enable the licensee to recover its fixed costs arising out of its obligation to supply.**

Sec 42(4):“Where the State Commission permits a consumer or class of consumers to receive supply of electricity from a person other than the distribution licensee of his area of supply, such consumer shall be liable to pay an additional surcharge on the charges of wheeling, as may be specified by the State Commission, to meet the fixed cost of such distribution licensee arising out of his obligation to supply”.

- 2. As per Andhra Pradesh Electricity Regulation Commission Regulation No. 2 of 2005 which is applicable to Telangana state as per Regulation no. 1 of 2014 of Telangana State Regulation commission, the distribution company can file for additional surcharge as per the following clause.**

Clause 17.1.4: "The open access user shall also be liable to pay additional surcharge on charges of wheeling as may be specified by the commission from time to time under section 42(4) of the Act, in case open access is sought for receiving supply from a person other than distribution licensee arising out of his obligation to supply"

3. Further, the National Tariff Policy (NTP) Notified by Ministry of Power on 28th January, 2016 has the following provision on the Additional Surcharge

Clause 8.5.4: "The additional surcharge for obligation to supply as per section 42(4) of the Act should become applicable only if it is conclusively demonstrated that the obligation of a licensee, in terms of existing power purchase commitments, has been and continues to be stranded, or there is an unavoidable obligation and incidence to bear fixed costs consequent to such a contract. The fixed costs related to network assets would be recovered through wheeling charges".

4. In accordance with the aforementioned statutory provisions, the Hon'ble Commission passed an Order dated 18.09.2020 in OP No. 23 of 2020 specifying the mechanism for determination of stranded capacity along with the approved methodology and terms & conditions for levy of Additional Surcharge on Open Access (OA) users in order to meet the fixed cost commitment of the distribution licensees arising out of its obligation of supply.
5. Accordingly, the licensees were directed to submit the filings for determination of AS for the 1st half of the ensuing financial year i.e., for the period from April to September of the ensuing financial year latest by 30th November of the current financial year and for the 2nd half of the ensuing financial year i.e., for the period from October to March of the ensuing financial year latest by 31st May of the ensuing financial year.
6. The licensees hereby submit the Additional Surcharge proposals for H1 of FY2022-23 considering the actual parameters pertaining to H1 of FY2021-22 in consonance with order in OP No.23 of 2020 as follows:
 - The average stranded capacity due to OA consumers for the six months period (April 2021 to September 2021) considering 15-minute block wise data works out as 222.07 MW as presented below. The block wise information is also herewith attached in soft copy.

Particular (in MW)	Apr-21	May-21	Jun-21	Jul-21	Aug-21	Sep-21	Average
Available capacity	8864	9133	9062	9072	9678	9556	9228
Scheduled Capacity	8066	6451	6689	7301	8449	7502	7410
Deficit/(Surplus)	798	2682	2372	1772	1229	2054	1818
OA Scheduled Capacity	194	267	290	304	167	146	228
Stranded Capacity	165	267	288	302	164	145	222
<i>Stranded Capacity arrived by considering minimum of backing down i.e., deficit and OA scheduled capacity for each 15-min block</i>							

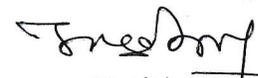

- The fixed charges paid to the generators for H1 of FY2021-22 is Rs. 6004.53 Crores and the average long term available capacity is 9227.55 MW. Thus, the average fixed charge worked out to Rs. 0.65 Crores per MW.
- Accordingly, the fixed charges for stranded capacity of 222 MW works out as Rs. 144.50 Crores (i.e. 222 MW X Rs. 0.65 Crores)
- The transmission charges paid by the Licensees' for H1 FY 2021-22 are Rs.2137.34 Crores and scheduled energy for that period is 34112.66 MUs. Thus the actual transmission cost per unit works out as Rs. 0.63 per kWh.
- The distribution wheeling charges as approved by the Commission for the FY 2021-22 is Rs. 1.08 per kWh.
- Hence, the total T & D costs works out to Rs. 1.71 per kWh.
- Based on the above mentioned values, the demand charges that are to be adjusted/(recovered) from OA consumers works out to be Rs. (-117.66) Crores.
- Hence, the net stranded charges are Rs.262.17 Crores which are considered for calculation of additional surcharge.
- The projected OA sales for H1 of FY2022-23 is considered to be same as that of OA sales recorded for H1 of FY2021-22 i.e., 645.90 MU and hence the additional surcharge per unit is computed to be Rs. 4.06 per kWh.

Accordingly, the Additional Surcharge that is determined for H1 of FY 2022-23 has been tabulated below

7. It is, therefore, prayed that the Hon'ble Commission may be please be accorded approval to the licensees' proposal of Additional Surcharge of Rs.4.06/kWh for H1 of FY2022-23 and pass such orders as the Hon'ble Commission may deem fit and proper.
8. The licensees would also like to submit that, the fixed charges paid for H1 of FY21-22 as mentioned above are provisional in nature that are subjected to variations in the final audited accounts.
